Multicortadora GOP 185-LI

SKU	0601.8G2.0D0-000
EAN	4059952606828

Alcance de la entrega

1 x Starlock Plus BIM plunge cut saw blade PAIZ 32 APB, Wood + Metal, Curved-Tec (2 608 662 889)	✓
Carton box	✓

Datos técnicos

Tensión de la batería	18.0 V
Peso (sin batería)	1,200
No-load rotation	20,000 opm
Número de carreras en vacío, hasta	20.000,0
Ángulo de oscilación a izquierda y derecha	1,700
Versión larga parte 1	Oscillating multitools are problem solvers with almost 100 accessories. Different jobs ask for different blades. Changing them can be time-consuming. We developed the GOP 18V-34 Professional with brushless motor and our patented Snap-In locking system. You can change your blades within seconds and without the need for additional tools – no risk of losing your mounting pin. Strong vibrations of oscillating tools are very unpleasant. Our Vibration Control significantly reduces vibrations – 50 % less compared to its predecessor – and makes sure that you can work smoothly and fatigue less. Thanks to the slim grip with a circumference of just 180 mm, you have perfect control over your tool and maximum comfort while working.
Versión larga parte 2	We designed this tool for a wide range of applications. It is ideal for plunge cutting, trimming, and sanding wood. You can also use it for cutting PVC or metal, for removing grout between tiles, or even for scraping off residues. Compatible with all Starlock and Starlock Plus accessories. Compatible with the Bosch Professional 18V System and with the multi-brand battery alliance AMPShare.
Versión larga parte 3	There is no risk of you burning your fingers: the gear house is well isolated and you can change blades contact-free and without the need to touch hot accessories. You can conveniently operate the lever for blade changes wearing your gloves. The tool contains a built-in LED.
Información adicional versión corta	This cordless multi-cutter is the top performer for precise cutting and trimming of wood and other materials. With built-in vibration-damping, vibrations are absorbed and reduced by up to 80% compared to predecessors, ensuring more accurate cutting. The compact build and slim grip enable better control and guidance to help with detailed work in narrow spaces. This advanced multi-cutter is compatible with all Starlock accessories and comes with a Bosch SDS Snap-in system for quick and convenient exchange of suitable cutting, sanding, and scraping attachments.
Tolerancia K	3,0
Nivel de presión acústica	80,0
Nivel de ruido	The A-rated noise level of the power tool is typically as follows: Sound pressure level 80 dB(A); Sound power level 88 dB(A). Uncertainty K= 3 dB.
Nivel total de vibraciones	1,500 Raspar Serrar con hoja de sierra segmentada 2,900 Desbastar 3,0 Serrar con hoja de sierra de inmersión
Versión larga parte 1 (BE)	La multicortadora inalámbrica GOP 185-LI 18V ofrece rendimiento superior para cortar y reducir con precisión madera y otros materiales. Con amortiguación integrada de vibraciones, que se absorben y reducen hasta un 80 % respecto a sus predecesoras para garantizar un corte más preciso. El agarre compacto y delgado ofrece mejor control y guiado para facilitar trabajos detallados en espacios pequeños. Esta multicortadora avanzada es compatible con todos los accesorios Starlock y cuenta con un sistema de enganche SDS de Bosch para cambiar de forma rápida y práctica los accesorios adecuados para cortar, lijar y raspar.
Nivel de potencia acústica	88,0
Versión larga parte 2 (BE)	Esta multicortadora inalámbrica de rendimiento superior es ideal para cortar por inmersión, reducir, lijar madera, cortar PVC o raspar pintura. Trabaja de forma rápida y eficiente gracias a la tecnología de su motor Brushless sin escobillas de carbón y a su gran ángulo de oscilación de 3,4°.
Quantity per pallet	180
Peso neto	1,500 kg
Peso bruto	1,500 kg
País de origen	China

Beneficios del producto

- Easy, accurate cutting with enhanced, low-vibration design
- Fast exchange of compatible Starlock accessories with Sanp-in SDS system
- Increased cutting efficiency in small areas with 3.4° oscillating angle
- Smooth operation and control with slim, ergonomic grip
