Datos técnicos

Peso	1,400
Velocidad en vacío	33,000 rpm
Velocidad de giro en vacío, hasta	33.000,0
Potencia absorbida	550,0
Portaherramientas (suministrado)	6 mm
Versión larga parte 1	The GLF 55-6 features a 550 W motor spinning at 33,000 RPM to ensures fast and clean trimming results, and a rack and pinion depth system allows for easy depth of cut changes.
Versión larga parte 2	This professional laminate trimmer features an ultra-compact design and slim gripping area for effortless one-handed tool control. The included flush trim roller guide allows flush cutting tasks to be completed with a standard straight-fluted router bit, preventing the risk of marring delicate veneers upon contact, which is a common phenomenon when using traditional bearing-guided router bits for laminate trimming.
Versión larga parte 3	The included parallel guide provides the added versatility for light groove routing, and the transparent polycarbonate base allows additional light into the cutting area for maximum visibility, while helping to minimise the overall size and weight of the tool.
Nivel de ruido	The A-rated noise level of the power tool is typically as follows: Sound pressure level dB(A); Sound power level dB(A). Uncertainty K= dB.
Cordless/Corded	Corded
Compatible collet diameters	6 mm
Quantity per pallet	108
Peso neto	2,240 kg
Peso bruto	2,240 kg
País de origen	China

Beneficios del producto

- Routing quality always under control
- Fast trimming
- Operation comfort
