

Martillo Demolidor GSH 500

SKU	0611.338.7E0-000
EAN	3165140982436

Alcance de la entrega

Carrying case	✓
1 x pointed chisel, SDS max, 280 mm (1 618 600 023)	✓
Auxiliary handle (1 619 P14 935)	✓

Datos técnicos

Peso	5,700
Potencia absorbida	1.100,0
Fuerza de impacto	7,5 J
Energía de impacto, hasta	7,500
Número de percusiones	2,900 bpm
Número de impactos, de	2.900,0
Portaherramientas (suministrado)	SDS max
Trades	Construction
Versión larga parte 1	With the right balance of power and durability, the GSH 5 SDS max hammer tackles light demolition applications with ease. Great efficiency – its optimised lightweight design in combination with its powerful motor ensures a great power-to-weight ratio. Twelve chisel positions, a one-handed vario-lock system, and a light, compact design make the hammer comfortable and ergonomic to use – even when working overhead. The tool's improved lubrication and optimised dust protection increase durability and extend its lifetime. It is suitable for light chiselling work in concrete, masonry, and plaster. Use this tool with the GDE max.
Versión larga parte 2	The GSH 5 SDS max hammer also contains a vario-lock and lock-on button.
Información adicional versión corta	This demolition hammer is perfect for breaking and chiselling in concrete, stone, rock, and brickwork. It delivers great power coupled with a superior impact rate to offer high chipping output. Its large hammer pipe and improved impact system design makes the tool more effective during chiselling work. Meanwhile, the tool is equipped with a grease sealing ring to prevent leakage and a dust cap solution to make it dustproof. It also offers one-hand Vario-Lock design for 12 chisel bit position changing which helps you to work comfortably from any position.
Nivel de ruido	The A-rated noise level of the power tool is typically as follows: Sound pressure level dB(A); Sound power level dB(A). Uncertainty K= dB.
Nivel total de vibraciones	12,0 1,500 Taladrado con percusión en concreto Cincelar en concreto
Cordless/Corded	Corded
Versión larga parte 1 (BE)	El nuevo martillo demoledor GSH 500 es perfecto para romper y cincelar en hormigón, piedra o ladrillo. Ofrece una gran potencia junto con un excelente número de impactos para ofrecer un alto rendimiento de arranque de viruta. El gran tubo del martillo y el diseño mejorado del sistema de impacto hacen que la herramienta sea más eficaz durante las tareas de cincelado. Asimismo, la herramienta está equipada con un anillo obturador de engrase para evitar fugas y una solución de tapa guardapolvo para protegerla frente al polvo. También ofrece un diseño Vario-Lock para una mano y cambio de broca para el cincel con 12 posiciones distintas, lo que le ayuda a trabajar cómodamente en cualquier posición.
Quantity per pallet	36
Peso neto	8,900 kg
Peso bruto	8,900 kg
País de origen	China

Beneficios del producto

- Ergonomic design: One hand Vario Lock design for 12 position chisel bit change, lock-on button for daily continuous work
- Extended durability: Grease sealing ring to prevent leakage coupled with dust cap solution for better dust proof resulting long life time
- Great efficiency: High impact energy coupled with superior impact rate resulting in high chipping output
